

Description

High quality chip and weatherproof LED. Double soldering, Excellent performance and energy savings. Completely dustproof. Radiation protection, UV with high mechanical resistance. LED energy consumption savings with durability and luminaire with efficiency.

Mounting - LED Surface/Recessed mounted.

Standards - Manufactured and tested as per EN 60598-1 and 60598-2-1

LED - Energy saving consumption and Durability. Efficiency and quality in wide variation. 50,000 Hrs Life span under temperature (-20°C to 55°C).

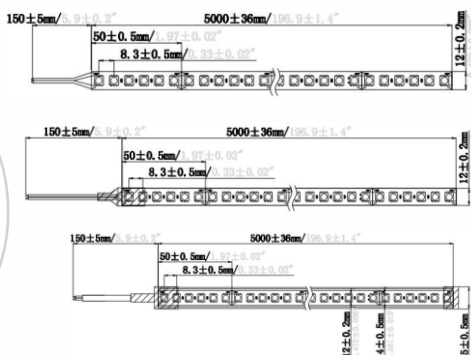

Objective

This High quality flexible SMD LED striplight with high efficiency and guaranteed to give excellent results and surely give a unique lighting effect and pleasantly light. Excellent performance and energy savings. Environmental friendly thanks to the energy and consumption savings guaranteed from its characteristics. Completely dustproof. Protected from temporary immersion.

Obbiettivo

Questo Striplight LED SMD flessibile di alta qualità con alta efficienza e garantito per dare risultati eccellenti e sicuramente dare un effetto di illuminazione unico e piacevolmente leggero. Prestazioni eccellenti e risparmio energetico. Rispetto dell'ambiente grazie al risparmio di energia e di consumo garantito dalle sue caratteristiche. Completamente antipolvere. Protetto dall'immersione temporanea.
